DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 3-5, 11-18, 25 and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claims 25 and 26 use the term "Comp B" in line 7 of each claim, apparently to describe the type of explosive, however this term is indefinite and confusing to the subject matter of the claim.
4. Claims 25 and 26 recite the limitation "the body cylindrical opening threads" in line 11 of each claim. There is insufficient antecedent basis for this limitation in the claim.
5. Claims 25 and 26 contain the trademark/trade name Formion. Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade name is used to identify/describe a type of ionomer plastic and, accordingly, the identification/description is indefinite.

Art Unit: 3644

6. Claims 3-5, and 11-18 are rejected as being dependent upon the rejected subject matter of an independent claim.

Response to Arguments

7. Applicant's arguments, see pp.14-18, filed 8/30/05, with respect to claims 3-5, and 11-18 have been fully considered and are persuasive. The rejection of claims 3-5 and 11-18 has been withdrawn.

Allowable Subject Matter

8. Claims 3-5, 11-18, 25 and 26 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 3644

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
